

Social and Personal

Claude Harris, of Camp Funston, arrived home last night for a short furlough with his wife and sister, Mrs. T. P. Lewis.

J. L. Bymum and son, Ray, were Joplin visitors Friday.

Mrs. Corb McNeill was here Friday visiting with friends.

W. W. Scott returned Friday from a short business trip to Peoria, Okla.

We desire to thank our many friends for their kindness and sympathy shown us during the illness and death of our beloved husband and brother, Mrs. Allie Edrington, wife, Henry Edrington, Earl Edrington, France Lawrence Edrington, Camp Funston.

CHAMBERLAIN'S COUGH REMEDY

Do not imagine that because other people say it is good, it is good. It is not. It is the same as Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

C. E. Decatur has returned to his former position with the Armour Packing company. He will make his headquarters at Joplin, Mo.

Miss Coraline Hinds of Joplin, was here Saturday with Miss Carmine Logan.

Miss Carmine Logan will go to Columbus Sat. where she will visit with friends. Miss Logan formerly lived at Columbus.

Miss Della Phillips of Joplin, visited with her parents, Mr. and Mrs. J. G. Phillips here Saturday evening.

Mrs. E. M. Mitchell, who has been severely ill with pneumonia, is reported improving.

Among the Kansas casualties given release by the government for November 3rd, is the name of Earnest L. Jones, Columbus, Kansas, died of accident or other cause.

Rev. Garretson will return Monday from Kansas City and El Dorado Springs, Kas. Rev. Garretson accompanied his son, Truman, to Kansas City.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 50c and \$1.00 at the drug store. For sale by Scott Drug Co.

G. W. Staton was a Joplin visitor Saturday afternoon.

Mrs. A. Swager of Galena, was visiting here Saturday morning.

Earl Good, of Galena, was a business visitor here Saturday.

W. H. Shead and J. H. McAndrews decided Friday morning to close the Everett cafe, and it will probably stay closed until some restaurant man comes along and buys it. McAndrews and Shead are not practical restaurant men; they bought the place on a brokerage deal and undertook to operate it until the property could be turned; but the scarcity of help soon brought them to the decision that they already had troubles enough without the restaurant. Here is a good proposition for some good caterer. The Everett has been a popular place and in the hands of a practical man it will quickly become a paying place.

SLEEP AND REST

One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest better and sleep better. They only cost a quarter.

A local doctor says that of 320 people he has vaccinated with the anti-influenza serum only one person has taken the disease. Reports from Camp Funston by the federal doctors say that the serum is a great protection against the disease.

At the meeting of the city council Fri. night the subject of road drags to be used on the streets of Baxter Springs this winter was discussed. Companies selling these implements will be communicated with and the city expects to buy three drags soon.

When you have backache the liver or kidneys are sure to be out of gear. Try Sanol, it does wonders for the liver, kidneys and bladder. A trial 50c bottle will convince you. Get it at the drug store. For sale by Scott Drug Co.

Gus Lundgren, manager of the Long-Bell Lumber Company in Baxter Springs, received word of the death of his friend, W. D. Bullock, at El Do-

rado, Kas., Sat. morning. Influenza was the cause. Mr. Bullock will be remembered by many Baxter Springs people. He was manager of the Long-Bell yard at Quapaw for many months and was recently promoted to the management of the yard at El Dorado. He just left Quapaw a few days ago.

Mrs. Andrew Moore, who has been confined to her home with sickness for several days, is able to be out again today.

ABOUT CROUP

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

F. S. Hunt, foreman for Bert C. Overton on the building of the new High School was able to be out Sat. after a week of illness at home.

Miss Lois Bowels of Galena, was the guest of Mrs. G. H. Dansenburg here Friday.

The Cherokee county high school will reopen on Monday, Nov. 4.

The zinc products plant, which has been secured for Baxter Springs by the Chamber of Commerce, may locate elsewhere because of not receiving the encouragement locally that it should have. The officials of the Chamber of Commerce have all subscribed to the fund and have done all in their power to make the project a success, but it has not received sufficient encouraging support otherwise. It is understood that Baxter Springs has been given until Monday noon to make good on the proposition, as Oliver Greenstreet, with whom the Chamber of Commerce has signed contracts, has received good inducements to locate the plant in Joplin.

You only need Sanol Eczema Cure to get rid of those Black Heads, Pimples, rough bumpy skin. Leaves skin smooth. Cures any case of Eczema. Is pleasant to use. A trial will convince you. 50c and \$1.00 at the drug store. For sale by Scott Drug Co.

A wire received Sat. morning from Rev. John Garretson at Kansas City, Mo., says that his son, Truman Garretson, was inducted into the United States Marines there Friday and left at 5:30 o'clock for Paris Island, S. C., as corporal in charge of four men, responsible for their arrival at Paris Island. The boys were furnished with full Pullman accommodations for the entire trip. The enlistment of Truman Garretson marks the passing of another man from the local company of State Guards and another one of them to become an official immediately.

Gus Lundgren, manager of the Long-Bell Lumber company in Baxter Springs, is very proud of the record the former employees of the yard have made for Uncle Sam. Max Friend is a second lieutenant in the Engineers in France; Ed Betts is a first lieutenant in the Engineers in France; Ira G. Belmont is a sergeant at Camp Zachary Taylor, Kentucky; Reuben Jensen is a corporal at Camp Sherman, Ohio. Ambrose Lundgren is awaiting his call impatiently and afraid the war will be over before he has a chance to get in.

It is with no little pride that the Daily Citizen is able to announce that 35 men, who have served in the Baxter Home Guards, and who are now in the army or navy have become officers. At a little later date when we can compile the data the names and rank of these officers will be published.

Mrs. Harriett L. Price, 73 years old, died Fri. night at the home of her son, John Price, in the north part of the city. Death came after an illness of about a week of influenza. Mrs. Price was a member of the First Christian church of this city, and was loved by

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

everyone who knew her and she leaves many friends to mourn her death.

The surviving relatives are two sons, John and Harvey, both of this city. The funeral services will be held Monday afternoon at the family residence officiated by the Rev. Thomas Popplewell, of the Christian church. Burial will take place in the Baxter Springs cemetery.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyneth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyneth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

The Sterling Market

FRESH MEATS

Not packing house stuff but the best young cattle I can buy. Am buying cattle and hogs from farmers all the time to supply my market. My cured meats are the best. Bacon such as Morris Supreme, Swift Premium, Fowler Mistletoe. These are the best money can buy.

At the Sterling market you get quality and full weights, more for your money.

I appreciate the people's trade, and my business is good. I have three good meat cutters to wait on you. Come and be satisfied.

NEWS AND COMMENT

Chas. Cook, fireman, did something Friday that is quite characteristic of the Baxter firemen. Mr. Cook is just getting able to use a broken wrist. The wrist is still weak and any violent use of it is very dangerous, but when Mr. Cook saw the south end of Military street threatened by the fire yesterday morning, he flew in and worked just as hard as anybody to save property and do all that could be done by the fire company. Not that Mr. Cook is any more of a hero than the other members of the Baxter fire company, but the little incident of the broken wrist makes him more conspicuous for complimentary mention. It is a shame that such a loyal bunch of fire fighters are so badly hampered by lack of water facilities to fight fire. Also some of the streets of the town are in such bad shape that they all take their lives in their hands when the driver shows any speed with the fire wagon. Just inside the fire station is a chart to show the bad streets of the town. The chart is blank. When a reporter for the Daily Citizen asked if all the streets in town are good he was told that they were all bad and it wasn't any use trying to designate those that are worse than the majority.

At a meeting of the city council Fri. night the subject of poll tax was brought up. It seems that about all the Baxter Springs poll tax has been collected this year, but the soldiers who are in the army. The attorney general and governor of the state have decreed that all sailors and soldiers in the army and navy are exempt from this tax this year, which seems quite right.

Over at Chetopa the Chetopa Advance has bought a new linotype machine and announces that the next issue of the paper will be set the linotype way. Good for the Advance. The farmers over that way must have had good crops and paid up their subscriptions well this year. Yesterday in an article in this paper in which we quoted a Baxter man as saying that our returned soldiers would have all the preference as candidates we mentioned Frank Brewster as a democrat. Some of Frank's friends have called us up and assured us he is a staunch Republican and we are as glad to correct the error as his friends are to have it corrected. Also, we want to apologize to Frank.

Since the epidemic of "Flu" struck Baxter Springs the electric light plant force has been "strictly up against it." John Price, day engineer been very ill and his entire family have been quite sick. C. W. Crubaugh, an outside electric worker and his wife escaped the influenza. But the outside work and running the plant were more than Mr. Crubaugh could manage, so he enlisted Mrs. Crubaugh to run the engine. For several days Mrs. Crubaugh has been running the plant and as the husband says: "better than I could do it myself." Hats off to Mrs. Crubaugh.

MAN ACCUSED OF MANY THEFTS

Well Known Salesman Under Arrest Charged With Stealing Merchandise from Employers

Many friends and acquaintances of the accused will be shocked to learn of the arrest of F. A. Faubian, of Baxter Springs, upon charges of theft from his various employers since coming to Baxter Springs, the last being the O'Connell & McGuire grocery.

Chas. L. Smith, federal officer and postmaster of Baxter Springs, brought about the exposure of the alleged wholesale manner in which Mr. Faubian is said to have been defrauding his employers.

Faubian was employed for almost a year by George Harris at the Golden Rule store. Later by Tom Lewis, at the Lewis grocery, and for some weeks by the O'Connell & McGuire grocery. All of his employers say the accused is a fine clerk and was very much in demand.

It seems Faubian had been shipping dozens of parcels post packages to "Mrs. Matt Brown," of "Long Lane, Mo.," who is the woman in the case. Knowing Mr. Faubian's position Mr. Smith became suspicious and some weeks ago called in Geo. Harris to identify a package of goods labeled to the above address. Mr. Harris identified the goods as coming from his store, but because of the family, etc., refused to prosecute the alleged offender. However, it is supposed Mr. Harris had it out with Mr. Faubian and probably was assured it would not happen again. Later Faubian went to work for the Lewis grocery.

The packages continued to pass through the post office. Then Faubian went to work for O'Connell & McGuire. Mr. Smith called in Mr. McGuire yesterday to identify a package and he and Mr. Smith went to Henry Horton and had a search warrant sworn out. The local police department then went to the home of Mr. Faubian and, it is said, found enough merchandise for a man to start in business with.

Mr. Faubian, upon arrest, admits a part of what he is accused of. Much of the merchandise in the home must have come from the Harris store and it is not certainly known why Mr. Harris refused to prosecute.

Mr. Faubian has been making his home in Baxter Springs for two years, coming here from Missouri.

It is hinted that the Missouri woman to whom the packages were addressed may have been the other woman to whom the accused may have been pledged to support.

Mr. Faubian has been married twice. He has some grown children and has one boy in the army. He has three step children through the second marriage, who are at home here in Baxter. A character witness subpoenaed for the hearing by the assistant county attorney, L. M. Ressler, said that Mrs. Faubian was quarrelsome and "made it hot" for the husband some times and had had several quarrels with the neighbors.

L. M. Ressler, assistant county attorney, came over from Galena this morning. Two brothers of the accused came over from Missouri last night. The fire on south Military street prevented the hearing from being held this morning.

Later—Mr. Faubian was given a hearing at noon. He pleaded guilty and was fined \$50.00 and costs of the case in Judge Jones' court.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Superintendent Says Chamber of Commerce Is Depleting Rank of Sewer Workers—Says It Is Labor Bureau

At a meeting of the city council Fri. night superintendent of the sewer work, John Wygle, was called upon by Mayor Wright to make a review of the sewer work for the past several weeks. Mr. Wygle says for various reasons the past two weeks would not make a very satisfactory report and the city is probably running behind the Plummer-Adams estimate.

In explanation of this Mr. Wygle says that due to influenza and other causes he now has only about 80 men on the work and has not been able to recruit above this number. "Isn't this Chamber of Commerce campaign for labor cutting in on you?" asked a councilman. "It is, badly, they have taken many of my men and have worried me considerably," replied Mr. Wygle. One councilman complained that the Chamber of Commerce had become a labor bureau and as such was doing the town much injury.

Mr. Wygle says that the work prior to the past two weeks has been progressing nicely. About 40 per cent of the lateral sewer system has been completed and some of the hardest ditching is done—the majority of it. The ditching machine has been running into difficulties—large boulders that have made it impossible to make much progress with the machine. Mr. Wygle says he will begin work in the Omaha addition right away and there is no rock there to impede the work of the machine and it is quite possible the time lost in the last two weeks will be made up if the superintendent can get the men. There has been some bad weather lately, which is another item that has slowed down the work.

All She Could See. Recently a neighbor's girl was knocked down by an automobile, but only slightly injured. Not long after the child had to go on an errand, so her mother warned her to what might happen if she wasn't careful, adding that the good Lord might not be with her this time. The child quickly answered: "The good Lord wasn't there, mamma; just the man and me."

Uncle Eben. "Dar's generally a big disappointment comin'," said Uncle Eben, "to de man dat gits himself elected to office 'cause he's lookin' foh easy work."

LETTER TO McCULLAUGH

The following letter was received Friday morning by H. D. Long:

Poland, Ind., Oct. 28, 1918.

Baxter Springs Recruiting Station.

Dear Sirs:

Would you please send me full description of Clarence McCullaugh that enlisted in Bate Springs recruiting station, for I see in the casualty lists that Clarence McCullaugh has been killed from Baxter Springs. We had a Clarence McCullaugh somewhere in the west that is a close relative of ours. Would you please send the description and let us know at once. Thanking you in advance,

Henry McCullaugh, R. R. 2 Poland, Indiana.
